Milestones

Congratulations to Joe Sagula and Anson Dorrance, both of whom registered landmark wins recently. On Aug. 28, the UNC volleyball team beat Campbell 3-0 at Carmichael Arena to give Sagula his 600th career victory, making him just the 17th coach in NCAA DI volleyball history to reach that mark. He is in his 30th season as a head coach, his 21st at UNC. And on Sept. 4 at Fetzer Field, the Carolina women’s soccer team beat Tennessee 7-2 to give Dorrance his 700th career win. Now in his 32nd season as head coach at UNC, Dorrance has a career record of 700-36-23. (Yes, really.) Congratulations to both Joe and Anson, and best wishes for many more victories.

UNC Finley Hosts Patriot Golf Day
Over the Labor Day holiday weekend, UNC Finley Golf Course participated in Patriot Golf Day events, which are held at thousands of courses across the country and raise scholarship funds for the families of military members killed or disabled in service to their country. Since its creation in 2007, Patriot Golf Day and its events, supported by The PGA of America and the United States Golf Association (USGA), have raised more than $5.3 million, and the Folds of Honor has awarded 1,163 scholarships and counting.

On Patriot Golf Day weekend, golfers have the opportunity to make donations to Folds of Honor for its scholarship program. Many courses all around the country ask golfers to add an additional $1 or more to their regular greens fees over Labor Day Weekend, while others host special events. The first Patriot Golf Day, organized in just a few short weeks, raised more than $1 million; last year’s Patriot Golf Day raised more than $2.3 million. Some 1,163 scholarships have been awarded by the Folds of Honor Foundation over the past three years.

About the Folds of Honor Foundation:
Folds of Honor Foundation was founded in May 2007 by Major Dan Rooney, an F-16 Fighter Pilot, PGA Professional, and USGA member. A decorated military pilot in the Oklahoma Air National Guard, Major Rooney has served three combat tours in Iraq. It was after his second tour, while a passenger on a commercial flight, that Major Rooney witnessed an event that would profoundly change his life. As the plane landed, the pilot announced, “Ladies and gentlemen, we have an American hero on board – Corporal Brock Bucklin. And his twin brother, Corporal Brad Bucklin, is accompanying him home from Iraq. As a sign of respect, please remain seated while Corporal Bucklin’s family receives him in his final homecoming.” Major Rooney watched through the window of the plane as the flag-draped casket was lowered. He saw a family waiting for Brock, and a little four-year-old boy waiting for his father. This tragic homecoming inspired Major Rooney to create the Folds of Honor Foundation.

Liability Coverage
The University provides excess liability insurance coverage to all employees at no cost to the employee. The coverage amounts are $10,000,000 per employee, $10,000,000 per occurrence and $25,000,000 per annual aggregate.

This coverage is in addition to the statutory coverage pertaining to state employees, pursuant to which the University and the State of North Carolina pay the first $1,000,000 of any judgment awarded against an employee arising out of claims on account of actions or omissions made in the scope and course of employment. The excess liability coverage covers similar claims and is intended to seamlessly fit with this underlying statutory coverage. This insurance covers all employees, including those who are temporary, permanent, full-time and part-time, for their job-related actions.

Excluded from the policy are criminal acts, claims arising out of the operation of motor vehicles, claims arising out of consulting activities, medical malpractice, sexual abuse claims, and claims relating to certain intentional acts (fraud, dishonesty, assault and battery). As with any insurance policy, other terms and conditions may limit or exclude coverage. If you have any specific questions about the coverage of this University policy, you may contact Treasury & Risk Management Services at 962-7360.
Tony Yount  
• Academic Counselor, 
Academic Support Program

Born and raised: Born in Concord, N.C., near Charlotte. My dad was a Lutheran pastor and we lived in Rowan, Lincoln, and Alexander counties in N.C. while I was growing up.  
Education: Hickory High School, 1968; Carolina, 1972 – BA in Education – Certified to teach in History and English; MAT from Carolina in 1989  
Family: A sister and a 10-year-old nephew who loves basketball and coming to Roy’s camp. His dad is a State fan, but my nephew loves Carolina.

Years in current position: Five with the Academic Support Program – Academic Adviser for three years, tutor for two years  
Job description: Advise students on my four teams about all things academic, keep them on track for graduation, discuss problems, suggest solutions, attend games, tutor, guide, be a life coach.

What is something about your job that other people would be surprised to know? That we have marvelous political discussions in our office, where there are people covering a wide political spectrum. Those discussions are heated, but respectful. Congress could learn something.

What’s the best thing about your job? The best thing about this job is exactly the same as the best thing from my long career teaching in the public schools: that is the opportunity to get to know and to be involved in the lives of young people. The really good classroom teachers, and the really good coaches, the really good academic advisers all play the role of counselor in their students/players lives. That is the role that I find most rewarding. Being able to follow a student’s progress for four years and to see the growth that happens and the progress that is made is incredibly rewarding.

Favorite pastime: I spend time every summer in the American west. I love the outdoors, wildlife, hiking. In the winter I ski. I love cold, snow, winter, and the west, and Carolina basketball since is was a little kid. And I cherish time on the basketball court with my nephew, teaching him the game that has always been my favorite.

Favorite restaurants: Angus Barn  
Favorite book: The Source by James Michener, a novel about the history of the Holy Land

Favorite TV show: M*A*S*H is my all time favorite. Current can’t miss show is NCIS

Last movie you saw and grade you’d give it: Inception – outstanding.

A fun fact about you: I have worked closely with over 10,000 young people over the last 40 years.

Biggest pet peeve: People who are late  
Dream job: I would have loved to have Walter Cronkite’s job (CBS news anchor in the 60s). He got to witness and to interview the principle figures in almost every significant event in American history from World War II through the 1980s. An incredible opportunity to see history develop before your own eyes.  
Greatest athletic achievement: A successful basketball coach – cited above

What would you do with a completely free day? Ski at Big Sky in Montana, followed by a sleigh ride steak dinner in some old miner’s cabin in the Rockies

If you could have dinner with anyone, who would it be? John Lewis - Congressman from Georgia, who, in the 60s, was a major part of the Civil Rights movement. I’ve read his book. His life experiences growing up in the south were so different than my experiences growing up in the same region. I have enormous admiration for how he handled the obstacles placed in his path, and I would love to meet him.

What’s a little-known talent that you have? I’m a decent guitar player.

What would be your dream vacation? Two weeks in South Africa, followed by two months in Australia – I’d want to drive everywhere on the continent, followed by a week on the South Island so that I could ski in July.

If you won the lottery, what’s the first thing you’d buy? A house on the slopes at Big Sky in Montana.
