Complimentary Admissions for Student-Athletes

It is not permissible for student-athletes to receive tickets from boosters or institutional staff members to any UNC sporting event. As a staff member, you are not permitted to offer your tickets (complimentary or otherwise) to student-athletes.

Student-athletes may receive up to four complimentary admissions per home or away intercollegiate athletics event in the sport in which they participate, regardless of whether the student-athlete competes in the contest. These admissions shall be provided only through a pass list for individuals designated by the student-athlete. “Hard tickets” shall not be issued. A student-athlete, or any individual designated by the student-athlete to receive complimentary admissions, may not receive payment from any source for his or her complimentary admissions and may not exchange or assign them for any item of value.

The university may provide admission (via a printed student-athlete pass list) for student-athletes to all of the institution’s regular season home intercollegiate athletics events in sports other than that in which the student-athlete is a participant. Aside from men's basketball games, all students are admitted to UNC athletics events with their UNC One Card. For men's basketball games, an allotment of tickets is available to student-athletes via a ticket office online system.

The university may not provide a special arrangement to sell tickets to a student-athlete for an athletics event, whether the ticket is for the student-athlete’s use or that of a friend/family member. Tickets shall be available for purchase by student-athletes according to the same purchasing procedures used for other students.

Please do not hesitate to contact the Compliance Office if you have any questions regarding these regulations concerning complimentary admissions.

Halloween treats

The Tar Heel volleyball team hosted the Carolina Kids Club on Oct. 30 for some early trick or treating following the NC State match, which UNC won 3-0. For upcoming Kids Club events, see page 2.
New department on the block

Then UNC department of athletics has established a New Media division that supports all the department’s commercial video needs. Director of Athletics Dick Baddour announced the hiring of Ken Cleary as the athletic department’s first Director of New Media.

Cleary, a 1991 graduate of UNC’s School of Journalism and Mass Communications, has worked with Tar Heel athletics in a freelance capacity for six years. He will oversee a staff of five fulltime employees who will focus on enhancing the game day experience for fans and teams, strengthening the Tar Heel brand, aiding in recruiting and generating additional revenue.

The New Media staff coordinates production of the in-house video and LED boards, online video streaming, weekly and post-game news conferences, coaches’ TV shows, DVDs, highlight videos and special projects related to delivering video content to Carolina fans across the country.

New Media will also provide content for special TarHeelBlue.com features and destinations for individual sports such as “Inside the Huddle with Butch Davis,” which launched in October.

“The whole idea of New Media is to provide Carolina fans with what they want to see, when they want to see it and on what platform they want to watch,” says Cleary, who has been president of RingFire LLC, a creative services and marketing agency based in Raleigh, since 2001.

In addition to Cleary, Carolina has hired Jones Angell, Justin Burnett and Jason Andrews as assistant directors of new media. The four new staffers produced Signing Day Live, an all-day event that covered the 2007 football National Letter of Intent signing day, and Tar Heel Tipoff, a two-hour live show that led into Late Night with Roy Williams on October 12.

Angell has worked for the past six years for Learfield Communications, UNC’s multi-media rights-holder. In addition to his New Media duties, Angell will continue as an on-air personality for the Tar Heel Sports Network.

Cleary and Angell co-produced a number of special projects in recent years, including Team Carolina, the two and a half hour DVD on the 2005 NCAA men’s basketball championship, and DVDs spotlighting the 2004 football wins over NC State and Miami.

“In 2006-07, we staffed 130 live events, more than any other school in the Atlantic Coast Conference,” says Associate A.D. for Marketing Rick Steinbacher, whose division now includes New Media. “We want to continue to set the bar high in terms of quantity, but even more importantly, the quality and user-friendly aspect of our video services. Ken Cleary and the staff he has put together will accomplish that.”

Happy Birthday in November to...
